COVER PICTURE- Abraham Lincoln in an old lithographic portrait which probably was done in the post Civil War period. The picture was loaned to us by Charles Dunn of Point Connett, Mattapoisett. The original was drawn with grease crayon on stone and the print taken from the stone. Our method of printing is exactly the same except that the photographic process makes it possible to transfer the image to an aluminum plate by means of a negative.

YOU ARE CORDIALLY INVITED TO JOIN THE GROUP OF MATTAPOISETT RESIDENTS AND BUSINESSMEN IN THE FORMATION OF THE MATTAPOISETT TRUST COMPANY.

A group of businessmen and residents have already subscribed to more than 25 per cent of the capital stock and now are in the process of filing the necessary initiating papers with the Massachusetts Banking Commissioner.

To the Editor of the Presto Press

Please accept my sincere compliments on your expanded "Letters to the Editor" section of your excellent little community paper; such expansion is, of course, proof of general approval of and confidence in your publication.

I have been reading the letters which have been published over the signature of my friend of many years, John D. Gibbons. It would seem to me that John has worked hard on the composition of these letters and that he had clearly demonstrated that in this matter he is a responsible and courageous citizen. He certainly deserves an answer from the persons who, if they had courage to equal his, would be anxious to respond and who indeed would have done just that a week or so back.

The following suggestion comes from a man who some years ago had the great joy of nearly 20 years of teaching in two of America's finest schools: let this be regarded as merely my opinion, but I think that it would be much to the advantage of all concerned if my good friend George White and Mr. Walter Longmore would resign immediately from the Regional School Committee.
